FEATURED ITEM: HEALTHCARE

# KNITTED FITTED CONTOUR SHEET

### IMPROVE PATIENT COMFORT

- Knit construction keeps sheet in place without elastic and reduces bunching and wrinkling resulting in increased patient comfort
- Soft, ultra knit 100% poly fabric surface is more comfortable against the patient's skin than standard sheets
- 100% polyester keeps the sheet whiter longer, resists stains and feels like cotton

### REDUCE COSTS

- Unique stretch design fits the mattress enabling caregivers to make the bed with minimal lifting
- Better fit reduces labor since there is less need to straighten or change beds
- Stain release properties help keep sheets looking newer, longer which reduces costs
